MR. ROOSEVELT PRODS TAFT OVER SHOULDER OF PUBLIC IN STRONG PLEA FOR LAW

ROOSEVELT URGES CONTROL BY PEOPLE

Government Must be Wrested From Rich and Unscrupulous, Says the Ex-President

APPEAL TO AMERICAN PEOPLE

Article Says if Business Is Hurt by Exposure, Then Business Must Suffer

NEW YORK, June 17.—From the wilds of far off Africa, ex-President Roosevelt has sent another appeal to the American people "to wrest the control of the government out of the hands of the rich men who use it for unhealthy purposes." Under the caption "The Thralldom of Names," Mr. Roosevelt writes in the current Outlook with customary vigor, of the necessity of continuing the fight against crooked business and declares that if "business is hurt by the stern exposure of crookedness and the result of efforts to punish the crooked men, then business must be hurt, even though good men are involved in the hurting."

The article will undoubtedly be regarded by many as a suggestion from the ex-president to his successor in office, though it reads throughout as a direct appeal to the American people.

In part Mr. Roosevelt's article follows:

BY THEODORE ROOSEVELT.
(Copyright by the Outlook Co.)

It behooves our people never to fall under the thralldom of names, and least of all to be misled by designing people who appeal to the reference for antipathy toward a given name in order to achieve some alien purpose. Of course such misuse of names is as old as the history of what we understand when we speak of civilized mankind. The rule of a mob may be every whit as tyrannical and oppressive as the rule of a single individual, whether or not called a dictator; and the rule of an oligarchy is a plutocracy or a bureaucracy, or any other small set of powerful men, may in its turn be just as sordid and just as bloodthirsty as that of a mob.

First and foremost we must stand firmly on a basis of good sound ethics. We intend to do what is right for the ample and sufficient reason that it is right. If business is hurt by the stern exposure of crookedness and the result of efforts to punish the crooked man, then business interests must be hurt even though good men are involved in the hurting, until it so adjusts itself that it may prosecute wrong doing without stampeding the business community into a terror stricken defense of the wrong doers and an angry assault upon those who have exposed them. On the other hand we must beware above all things of being misled by wicked or foolish men who would condone

COMMISSIONER DAY FOR IMPROVEMENTS

President of Board of Public Works Has Several Important Measures to Be Pushed

James T. Day, the new president of the board of public works, is living up to the expectations of his friends and supporters who assisted in his election upon the theory that he had special qualifications for the office he sought.

Among the activities of the new official are a strong effort to secure necessary repairs on the La Crosse causeway, a movement to put plumbers' licenses upon a business basis, a request for scales at the pumping station, a recommendation strongly urged for raising the North side water main from the bed of the La Crosse river and extending it over that stream in a straight line, and a plan for the home manufacture of hydrants for economy's sake.

President Day found upon taking up his office that the bridges on the La Crosse causeway were in such a condition as to make traffic perilous, their dilapidation making repair of the present structures impossible. By filling and new structures he aims to overcome this difficulty, and is also having estimates made of the cost of macadamizing the road, which is in a disreputable condition. Some expense will be entailed but business men acquainted with the situation realize that the steps recommended by Mr. Day are essential, and that delays are dangerous.

Mr. Day found the plumbers' licenses were issued at \$2.00, and that the expense entailed to the city in the case of each license is in the neighborhood of \$30. He aims to have an ordinance passed which will permit the city to "break even" with the plumbers in the future. There is

OSCAR FREY TO LEAVE LA CROSSE

Popular Musician Resigns Connection With the German Lutheran Church of This City

Prof. Oscar Frey, 1012 South Sixth street, pipe organist and choir leader at the German Lutheran church, corner West avenue and Division street, also teacher in the German Lutheran parochial school, has resigned his position, with the local church and will seek a location elsewhere. At a meeting of the vestry Tuesday evening Prof. Frey's resignation was formally accepted by the congregation, and he was asked to remain until a successor can be found for the position. Mr. Frey has agreed to do so.

Prof. Frey is one of the leading musicians of the city, and was highly esteemed in musical as well as in social circles. He was a chorus conductor of ability and has handled several large choruses here, beside the church choir, of which he has been the leader since coming to La Crosse.

JOHN PAUL LAID TO REST TODAY

John Paul, former La Crosse lumberman, was laid to rest in Oak Grove cemetery today, following impressive services at the old Paul residence by Revs. Ten Broeck and C. N. Moller at 11 a. m. All of the relatives were present from Watertown, Fla., and a large number of friends of the late lumberman in La Crosse paid a last tribute, including a number of his old employees. It will be a source of satisfaction to the friends of Mr. Paul to know that his death was peaceful. He did not have a stroke of apoplexy or paralysis, but simply died as though going to sleep.

Honorary pallbearers: L. H. Moulton, S. Y. Hyde, W. W. Cargill, A. W. Pettibone, J. S. Medary, W. A. Anderson.

Active pallbearers: George W. Burton, H. L. Colman, L. C. Colman, Abner Withee, Walton Losey, Andrew Lees, J. B. Taylor, George W. Bunge.

BOOSTER DAY TOMORROW

EXTRA. EXTRA. Women footpads raid La Crosse. Presence of a desperate gang of female brigands in city is known, and tomorrow they are expected to run amuck. Police no protection against volley of charming smiles from pretty faces, and there is no alternative but to surrender and disgorge when Beauty accosts you with "Hands UP."

Twenty-five dashing girls, armed with BOOSTER BUTTONS, are the advance agents of BOOSTER NIGHT at the theater Friday night. They hold you up for only A QUARTER, and in return they will give you a "booster button," which is your ticket to the theater massmeeting. Now "dig up." You can't take chances on being assassinated by a captivating smile for twenty-five cents.

THE "BELL-SINGER" IS A PRETTY BOYT

In Trial Trip Yesterday Discloses Surprising Speed. Mayor Sorenson Builder

Twenty-two invited guests went aboard the launch "B S" (Bell-Singer) at the State street skiff ferry at 6:30 last night and participated in the trial trip of the new fifty-footer. The big boat made Dakota and return at a clip the speed of which surprised all hands, the exact record being kept hush at the request of the owners.

The Bell-Singer is owned by the Messrs. J. L. Singer and Lee Bell, the latter chief engineer at the city pumping station. She was constructed by Mayor Ori J. Sorenson and is probably the most substantially built craft in the La Crosse launch fleet. Down to the water line she is constructed on the lines of the record making Cunarder, the Mauretania, but below the water she drops away to a ten inch draft to meet river navigation conditions. The engine is a 68-h. p. Sterling made in Buffalo, N. Y., and is one of the four cylinder pattern. Among the points that recommended the engine to Mr. Bell is the fact that this style holds the world's endurance record, and that its consumption of gasoline is economical in proportion to the power generated. Some idea of the power of the machine may be gleaned from the fact that, when the boat was not being crowded, an observation taken opposite River Junction last night showed five hundred revolutions of the 28 inch wheel on a 38 inch pitch.

The dimensions of the boat are 52 feet in length with an 8 foot beam, and she carries 75 passengers with ease.

The trip last night was an enjoyable one, and a good many of the participants got new ideas about gasoline motor power and the possibilities of speed in river navigation. The party disembarked about 9 o'clock at the dock below Listman's mill, and Messrs. Singer and Bell were congratulated by all hands with an enthusiasm indication that an invitation for a second cruise would be accepted with alacrity.

STEAL NOTES IN GRAFT HEARING

KANSAS CITY, Mo., June 17.—Annie Lee Owen was knocked unconscious last night in her office by a man who stole her notes of the police board investigation of the graft cases, and today lies in a critical condition in a hospital.

The police board, for whom she acted as stenographer declares the girl's assailant must be found. The police are apparently working in harmony with them but so great is the storm aroused by the investigation

JEFFERSON CITY, Mo., June 17.—Gov. Hadley announced today that he would offer a reward for the arrest of the person who assaulted Miss Owen at Kansas City and stole the records of the graft investigation.

FASHIONABLE CROWD AT ASCOT RACES

LONDON, June 17.—The crowd that gathered at Ascot today to witness the running of the gold cup race was almost as large as that at the English Derby. What it lacked in size it more than made up in its aristocratic composition, and easily furnished one of the red letter days of the present race season. The American colony was out in large numbers and it seemed that half of the coaches were filled by Americans.

Lord Carnarvon's four-year-old Bembow won, with Leopold de Rothschild's Santo Santa the 6 to 4 favorite, second, and L. Neuman's Siberia third. The race was worth \$20,000 and was the blue ribbon event of the Ascot meeting.

Bembow's odds were 25 to 1.

It was another big day for King Edward, as his Minoru, winner of the Derby, won the St. James Palace stakes from J. B. Joel's The Story.

W. Raphael's Blankney was third. Minoru was the favorite, the race being practically conceded to him.

HOT FIGHT ON THE TAFT STOCK TAX

Borah, Bristow and Cummins Say it Is Blow at Small Holder and Will Fight

WASHINGTON, June 17.—Considerable opposition is being manifested already in the senate to the Taft-Aldrich proposition to put a tax of two per cent on the net incomes of all corporations. As a result it is quite possible that when the amendment is finally reported from the finance committee it will contain provisions which will exempt from taxation the incomes of corporations which do not exceed a certain figure

One of the first objections that has been raised to the plan proposed by Senator Aldrich and endorsed by President Taft is that whereas the direct income tax proposition was limited to those persons who have

ENGINEERS COME FOR CONVENTION

The state convention of the National association of Stationary Engineers, which will be held in La Crosse tomorrow, will open with an informal reception to delegates and visiting friends at the Hotel Stoddard this evening. BRIDAL GOWN IS WOMAN'S SHROUD
MILWAUKEE, June 17.—With the dress which she had prepared for her wedding day, June 19, as her shroud, Miss Julia Fuelleman, 25, will be buried at Forest Home cemetery this afternoon. Arthur Eirring, who was to have become her husband on Saturday will follow the body to the grave. The sad culmination of a romance which had its beginning two years ago was the death on Monday night of Miss Fuelleman after an illness of three months.

RUSS SHIP FIRES UPON A BRITISHER

Incident to Meeting of the Kaiser and Czar May Create Serious International Trouble

ST. PETERSBURG, June 17.—A report has just reached here that a Russian torpedo boat, one of the flotilla, acting as escort for the imperial yacht Standard, on which the czar made the trip to the Gulf of Finland, fired on the British steamship Northburg, Captain Robertson, for approaching too close to Pitkips Bay, where the czar and kaiser are exchanging visits.

The Northburg was fired upon last night after the Russian boat had hailed her and warned her not to approach any closer. The shell from the torpedo boat struck one of the steamships of the Northburg and an English sailor was injured.

Fear Serious Trouble
The news of the affair, which is being rigidly censored, has occasioned intense excitement throughout the capital, where it is feared the facts may be such as to bring on the most serious international complication.

Monarchs Talk Politics
As proof that politics will furnish the chief topic of discussion to the fact that the czar is accompanied by Premier Stolypin, minister of foreign affairs, Iswalsky, Count Portales, German ambassador to Russia and the German military and naval attaches, while foreign minister, Von Schoen and other close advisors of the kaiser are in the latter's suite.

The meeting took place in the Pitkips Bay, a small inlet on the southern coast of Finland about sixty miles from St. Petersburg.

Warships Escort Them
Both of the royal yachts were under an escort of warships, and as the two squadrons approached, salutes in honor of the rulers were fired.

The czar embarked in a small launch and sped across the bay to the Hohenzollern, on the deck of which the kaiser stood ready to embrace him.

The intent of the kaiser is plain, and England understands and resents it. The fact is that he is among the supplant the European supremacy of England with that of Germany.

COMMITTEE VIEWS NORMAL FURNITURE

Senator Morris and Pres. Cotton Return From Seeing Samples in Milwaukee

State Senator Thomas Morris, and Prof. Fassett A. Cotton of the State Normal school, who were appointed a committee of two by the state board of regents, to attend to the furnishing of the new Normal school, returned last night from Milwaukee, where they went to look at furniture samples from the leading furniture houses. The contract will amount to over \$8,000.

Seats, tables desks and chairs will be of golden oak finish to match the interior finish of the building. Lockers will be of steel, both in the wardrobes and in the gymnasium. There will be a locker provided in each place for every student.

Owing to the delay in securing the additional \$15,000 from the state for laying marble tile floors in all of the halls and corridors in the structure, instead of the wooden floors as at first specified, the building will not be ready for formal dedication until some time in August. It was planned at first to dedicate the building some time in July, but the contractor will not be able to begin the work of laying the floors until after next week. The marble tile floors are composed of chips of marble imbedded in fine cement, and are said to be the longest wearing floors known.

Dedication Plans
At the next meeting of the State Board of Norman School regents which will be held at Madison on the 29th of this month, plans will be made for the formal dedication. The school will be regularly opened at the same time as the other normal schools are opened, early in September.

At Milwaukee yesterday many of the manufacturers had their desks, chairs and tables on display at the Milwaukee Normal school where they were examined by the committee.

MRS. J. V. PALMER DIES SUDDENLY OF PARALYTIC STROKE

End Comes at Midnight After She Had Attended Theater With Her Husband

FRIENDS SORROWING TODAY

Wife of Prominent Business Man Widely Loved for Her Charity and Kindly Disposition

Stricken with paralysis at the doorstep of her home last evening, Mrs. John V. Palmer, wife of the prominent liverman, died at midnight last night. The first stroke occurred at about 10 o'clock.

Mrs. Palmer, accompanied by her husband, had attended the Bijou family theater, and arrived at the entrance of their home shortly after the close of the performance. Mr. Palmer left his wife to step into the adjoining office, and it was at this point that Mrs. Palmer felt the first intimation of the coming blow. She went up to her apartment and called her husband from the window. He hurried to her side and found her in a rapidly sinking condition.

Ex-Alderman Harry Palmer, son of the unfortunate woman, was called and was recognized by his dying mother. The end came at midnight after a fruitless effort to revive the stricken woman.

Regret in General

News of Mrs. Palmer's death occasioned wide regret in the city this morning. The Palmer home was crowded with sorrowing friends today, and the disconsolate father and son, listening to many messages of condolence, saw ample evidence of the love in which the departed mother and wife was held. Prominent among the callers were members of the Universalist church, in which Mrs. Palmer was an active member, while beneficiaries of her liberal charities were present.

Leaves Three Children

Mrs. John V. Palmer was born in Troy, N. Y., March 8, 1848, her maiden name having been Frances Georgeanne Kemp. She married Mr. Palmer at Sparta, Wis., Nov. 12, 1867, the couple removing to this city in 1880.

She leaves surviving her her husband and three children: Mrs. F. E. Rogers of Pocatella, Idaho; Mrs. F. L. Sorenson of Detroit, whose husband is a brother of Mayor Ori J. Sorenson, ex-Alderman Harry Palmer of this city. One brother, N. J. Kemp, of Minneapolis, also survives.

ECLIPSE OF THE SUN

An eclipse of the sun visible in this latitude beginning at 6:13 p. m. is of interest today. Although in some parts of the world it will be total part of the time and annular part of the time, in La Crosse it will be neither but the sun will appear as though a huge bite had been taken out of it.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively-modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Flexibility of Power

The Offset Crank Shaft is what gives the Rambler engine its flexibility of power. The Rambler will run smoothly and quietly on high gear at 3 or 40 miles an hour. It allows the owner to conform easily to the limitations of congested city traffic, without constant gear changing.

FEUD OVER A WIFE

MEADVILLE, Miss., June 16.—An anonymous letter written to the wife of Town Marshal Aldridge was the cause of the outbreak of the Newman-Prichard feud in which two were killed and four wounded.

Mrs. Aldridge is a sister of Silas Reynolds, one of the feudists, who was killed. The letter warned Aldridge to watch the conduct of Mrs. Aldridge. The husband declared Dr. A. M. Newman, who was killed, either wrote or inspired the letter and although the latter denied any knowledge of the missive the opposing faction did not accept his statement as true.

Eau Claire, with Worman on the hurling mound, applied the white wash to the locals, yesterday, the final score being 3 to 0. Worman allowed but five scattered hits, none of which resulted in runs. Wolford, the box artist for the Outcasts, let the Cream Puffs down with six hits which, coupled with errors on the part of Wilhelm and Kraher, resulted in tallies for the Upstaters.

The Eau Claire aggregation started the first inning with the intention of copping the fourth straight victory from the locals and before it was over, they had scored two runs. Breyette, the first of the visitors up, was there with the bells on, slamming out a beauty to center field, which placed him on the third sack. "Rabbit" Kick drew free transportation to the initial bag, and stole second. Bailey hit to Barnett on first, who attempted to throw Breyette out at home, but the diminutive short stop was too rapid, scoring the first run of the game. Caldwell was out on a throw from Kraher to Barnett. With Kick on third, Kading hit to Wilhelm and was safe on first, the local short stop fumbling the globe, scoring Kick. The side was retired when Kading was put out trying to steal second.

Wilhelm drew a free pass to first. Kraher flew out to Guhl. The local shortstop stole second and Roy Klein was passed by the pitcher for the Cream Puffs. Wilhelm died trying to steal home with a run. Safford hit to Breyette and was safe on first. With Klein on third and Safford on first, "Big Chief" Crowe struck out, retiring the side and losing a possible chance to score.

In the second inning the visitors scored the last run of the game. Schoonhoven got a walk. Guhl was out, Wolford to Barnett. Schoonhoven going to second. The Eau Claire manager stole third on a peach of a hit to center field by Nieman, crossed the finishing plate. Worman

What looked like the break came in the last part of the seventh. Safford lined out a pretty one to the center field and on the next pitched ball stole second. With no one out it looked as if the locals were about to start the scoring, but Worman tightened up and fanned Crowe and Eddie Kline. Barnett, the new first sacker, was out on a throw to Kading by Breyette.

In the remaining innings the locals failed to get a man to third sack, the support of the Eau Claire team being excellent. The crowd of fans is growing slimmer day by day, many of them being "sore" on the work of the local aggregation and others on the rowdy spirit which several of the visitors have shown at times. The scrappy spirit of the Eau Claire team did not drop out in the game yesterday. The score:

St. Louis Americans drove Smith from the rubber in the seventh inning, and defeated Washington 3 to 2. Waddell was strongest at critical points in all but the seventh inning when the locals scored their two runs.

Three base hits counted largely in the run getting of Wednesday's game, which Chicago won from Boston, 6 to 4. Steele was driven from the box in the eighth inning, and Walsh replaced Sutor in the same inning and held the locals to one hit. Philadelphia broke Pitcher Mullin's winning streak by defeating Detroit 5 to 4. Timely hitting and loose fielding gave Detroit a good lead in the early innings but Philadelphia landed on Mullin's delivery for six hits in the sixth and seventh innings.

Cleveland outthit and outfielded New York, and took the first game of the series 4 to 3. The visitors' winning run was in the eighth inning on a base on balls to Ball—Lajoie's sacrifice and Doyle's wild pitch.

St. Louis Nationals won the first

game of the series from Boston by a score of 6 to 3. Sallee and Mattern, left handers, opposed each other. Boston hit freely in the third inning and the local team hit hard from start to finish.

Chicago's second successive world's championship pennant was hoisted after a parade of both teams headed by a brass band. Just before reaching the top of the high pole, however, the rope pulley broke, and the elegant emblem blew away back of the bleachers in centerfield. Ignoring the evil omen, Chicago went in and won the game by bunting four hits in the second inning. Reulbach was hit harder than Rucker, but kept Brooklyn's safeties well scattered.

New York broke Pittsburg's winning streak by winning by a score of 8 to 2. The locals used three pitchers, but could not stop the visitors' batting. Long hits by New York with men on bases were responsible for most of the runs. Pittsburg hit Mathewson but seldom when hits were needed.

Philadelphia had no trouble defeating Cincinnati Wednesday afternoon. The visitors started the scoring in the third inning on a single by Dooin and Dooin's home run, and kept it up on Rowan and Dubuc, who succeeded Fromme.

Pioneers of the Barley Belt

fought many a hard battle to defend their homes and farm lands against the brave and wily red man. Among the early pioneers of Northern Wisconsin came John Gund, a German brew-master, who was attracted by the barley growing lands about La Crosse. At once he built a brewery of logs and established his famous brew—

Gund's Peerless Beer

"The Beer that makes the world smile with you."

This all happened more than 50 years ago, and "Peerless" Beer today, brewed in a model 20th century brewery, is famed throughout America to lovers of barley malt and hop brew. "Peerless" is to be had at all first-class places and is the first choice of the discriminating. Order a case for your home today.

It is an exhilarating and healthful beverage.

DAY AND THE BIG ROAD

The action of Commissioner James
T. Day, of the board of public works,
in seeking long needed repairs upon
the La Crescent bridges and road,
will meet with popular approval.
Some years ago The Tribune secured
from local buyers of farm prod-
ucts data upon which to base a de-
duction as to what portion of the
farm trade enjoyed by La Crosse
comes over the bridge, and the as-
tonishing conclusion was that fully
one-half of it comes from the Min-
nesota side. To accommodate this
immense trade we have long been
maintaining, on top of the toll
charged at the bridge, a road in such
charge of disrepair as to discourage
farmers from coming to our markets.
The result has been to aid in the up-
building in surrounding towns on the
Minnesota side prosperous little mar-
kets and retail stores, which are now
intercepting a large fraction of the
trade.

So much for this aspect: In addi-
tion there is the fact that having
built the road and charged a toll in-
dicating our assumption of responsi-
bility, we have no right to maintain
a causeway that is more a public
nuisance than an avenue of traffic.
It is the duty of La Crosse, as long
as it charges toll, to keep the road
up. In letting it stand in a condition
of disrepair rendering travel on it
perilous, we are inviting a whirlwind
of trouble in case of serious acci-
dents that are everywhere possible.

Not only does The Tribune sustain
the action of Commissioner Day in
seeking bridge repair, but it feels it
cannot too forcefully suggest the
propriety of the city taking up at
once the matter of putting the en-
tire road into decent condition. There
is, in the eyes of strangers visiting
us, no more damaging reflection
upon the conduct of an otherwise up-
to-date city, than this neglect of the
greatest single highway forming an
approach for commerce to its mar-
kets.

STUBBING OUR BOB

Nothing could be meaner than the
petty conduct of Boss Aldrich in evad-
ing a concession that Senator La
Follette, even for once, was in the

right, by making a change in a pro-
posed provision of the tariff law the
sole purpose of which was to take
from La Follette and give to another
credit for a change which was pro-
vided in a La Follette amendment
and the correctness of which Aldrich
was forced to concede.

La Follette introduced an amend-
ment to the Philippine tobacco tar-
iff schedule, which was designed to
protect American labor from competi-
tion with cheap Chinese labor. Ald-
rich could not combat it, so he had
another amendment, containing only
a single unimportant change from
the La Follette amendment, drawn
up by one of his gang. He then
caused this to be passed in lieu of
the La Follette amendment, and it
is noted with gratification that Sen-
ator Burkett arose in his seat and de-
nounced the trick as stamping its au-
thor as a cheap politician.

IN THE NATION'S
CAPITOL

(From John J. Hannan.)

WASHINGTON, D. C., June 17.—
As usual with Senator La Follette,
his enemies always overplay their
hand. The Wisconsin senator is re-
sponsible primarily for the reduction
of the number of cigars which may
be imported from the Philippine Is-
lands free of duty from 150,000,000
to 75,000,000. The ways were greased
and the Philippine amendment was
sliding Monday night when the
Wisconsin senator moved that it be
reduced to 75,000,000. He presented
a memorial from the cigar makers
of the country showing that there are
now 12,500 of them out of employ-
ment and making a strong appeal that
they be not subjected to Philippine
competition which pays 75 cents a
day for labor. The matter presented
by Mr. La Follette made such an
impression upon the senate that it
was evident that had he presented
his amendment to a vote it would
have carried. Senator Aldrich
thereupon asked that the matter be
postponed until the committee
should have time to give it further
consideration.

The following morning the com-
mittee reported in favor of a reduc-
tion to 70,000,000. Senator Aldrich
said that that had been done at the
suggestion of Senator Burkeley and
the amount of filler tobacco which
can come in free was reduced from
1,500,000 to 1,000,000 pounds. Sena-
tor La Follette expressed his gratifica-
tion to the committee having given
him 5,000,000 better and then he
proposed an amendment to cut the
number of cigars down to 60,000,000
in the hope that the committee might
still further reduce the number.

Senator Burkett made a savage
attack upon the committee for its
lack of frankness in the cigar and
other matter in which he said:
"It looks as if the finance com-
mittee doesn't know anything about
the matter or is trying to leave the
senator from Wisconsin up in the
air."

"The senator does not need to be
anxious about me," said La Follette.
"I am not afraid the committee will
leave me in the air. I can take care
of myself."

"I don't want to leave the sena-
tor from Wisconsin up in the air,"
said Senator Aldrich. "Nobody can
do that."
Mr. Aldrich denied that the com-
mittee had been playing petty polit-
ics. Senator Aldrich defended the
committee.

Senator La Follette made a strong
plea for the cigar makers and said
that if the Filipinos were weaving
cotton cloth the committee would
not be so ready to admit free duty
and injure New England manufac-
turers as they apparently are to ad-
mit free duty cigars to injure the
cigar makers. The La Follette
amendment was lost by a vote of 38
to 27.

But it was just a little cute trick.
The committee did not want to have
La Follette get the prestige of forc-
ing an amendment which was in the
interest of the cigar makers of the
country. And La Follette turned the
tables on them as neatly and com-
pletely as it is possible for a man
to do. The Wisconsin senator an-
nounced that he opposed to admitting
any of the cigars from the Philip-
pines but realized that it was futile
to make a fight for that end and
that he proposed to cut the amount
down as low as possible. It was his
action in this matter that com-
pelled the committee to rescind its
former action, and to right about
face upon the proposition. Now the
committee and those who support it
on the floor are in the position of
voting against a reduction which
would unquestionably and admitted-
ly be for the benefit of American ci-
gar makers while Mr. La Follette
and the men who stood by him will

is not the only professional woman
who can boast of her success as a
cook. Myrtle Reed, the famous nov-
elist, is just as famous for her culi-
nary achievements as for her literary
success, and Edna Kenton, for whom
Richard Watson Gilder predicts great
success in American fiction, is a won-
derful cook. Mary Roberts Rinehart
and Anne Warner French are others
in the long list of literary ladies who
also shine at the cook stove as well
as at the desk.

While it may be the reaction to the
simple life that attracts them to
cooking, the stars themselves explain
their interest by the declaration that
cooking is just as much of a fine art
as writing. They say that it is a mat-
ter of brain work as well as of man-
ual skill. And every woman who
has made a success of cooking, whe-
ther or not she has of writing or of
acting, knows that this is the case.

Success in baking depends on the
materials chosen as well as on the
right temperature of the oven or the
exact measures of quantity. You may
by chance get the oven right, but if
you have poor material you cannot
possibly achieve a triumph of culi-
nary art. You can't bake good cake
or good muffins or good gingerbread
or good biscuits unless you have good
baking powder. If you have perfect
material, you will have perfect re-
sults. Calumet Baking Powder,

Taming a Congressman

When T. H. Benton was in the
House he was of the opinion that the
3rd day of March, and consequently
the congressional term, ended at
midnight of that day, instead of at
noon on the 4th, as unbroken usage
had fixed it. So on the last morning
he sat with his hat on, talked loudly,
loafed about the door, and finally re-
fused to vote or answer to his name
when the roll was called. At last the
speaker, Hon. James L. Orr of South
Carolina picked him up and put an
end to these legislative larks.

"No, sir; no, sir; NO, sir!" shout-
ed the venerable Missourian; "I will
not vote. I have no right to vote.
This is no House, and I am not a
member of it."

"Then, sir," said Speaker Orr, like
a flash, with his sweetest manner,
"if the gentleman is not a member of
this house the sergeant-at-arms will
please put him out."

And so this vast constitutional
question settled itself.—Cleveland
Leader.

Schree, in command of the North At-
lantic squadron, U. S. N.; 2 Vice
Admiral Urie, Japanese navy; 3,
Admiral Barray, U. S. N.; 4, Admiral
H. Iijima, commander of the Japan-
ese fleet. At bottom, J. E. Chilberg,
president of the Alaska-Yukon-Paci-
fic exposition, to whom the knotty
problem has come for final analysis.

SEATTLE, Wash., June 16.—The
first and greatest problem of inter-
national diplomacy which the offi-
cers of the Alaska-Yukon-Pacific ex-
position were called upon to settle
was the position of American and
Japanese flags on the buildings. All
went smoothly during the opening
celebrations until it was noticed that
the American Stars and Stripes were
displayed above the flag of Japan on
one of the state buildings. Immedi-
ately Admiral Iijima, who has com-
mand of the Japanese fleet at Sept-
le, requested that the Japanese flag
be removed from the exposition build-
ing or placed above the Stars and
Stripes. The message was conveyed

to Robert Boyce, assistant to Presi-
dent Chilberg of the exposition, and
immediately a great discussion arose.
For the time being the request was
complied with and the Japanese flag
taken down from the building.

It is thought that the trouble,
while for awhile threatened to be of
international moment, has been
smoother over and that the Japan-
ese and American flags will be dis-
played side by side instead of one over
the other as on all other build-
ings. The precedent was established
by the Japanese themselves in the
Japanese building, where the Stars
and Stripes and the flag of Japan
fly to the winds side by side over
the entrance.

Poor Uncle Ed

A man was recently showing his
nice new opera hat to his little ne-
phew, and when he caused the top-
piece to spring open three or four
times the youngster was delighted.

A few days thereafter the uncle,
during a visit to the same household
brought with him a silk hat of the
shiny non-collapsible kind. When he
was about to leave the house he en-
countered the aforesaid youngster
running down the hall with what
looked like a black accordion.

Quips and Cranks
and Wanton Wiles

The Home Seeker
In the street of Bye-and-Bye,
Where the airships mount and fly,
You and I will go home hunting,
There are mansions in the sky;
You and I and Baby Bunting
Heavenward a home will try,
Where the landlords are good angels,
And no rentals make us sigh.
In the sky of Bye-and-Bye.

In the heavens we will fly,
You and I star daisies hunting
When the evening shades are nigh
You and I and Baby Bunting
Flowers of gold will find on high
Where the gardeners are angels
And no florists sell and buy.

On the planet Bye-and-Bye
We shall live and never die,
There is respite from home hunting
Many million miles on high;
You and I and Baby Bunting
Dreamily will float and fly—
Eart will be "TO LET" to others
In the coming Bye-and-Bye.

The Law and the Optimist
Pessimists, assured of man's re-
gression, should study the laws
of the Eighteenth century. In kind-
ness, at least, man has advanced.

When the supposedly wise Black-
stone wrote (1769) there were 160
offenses punishable with death—of-
fenses such as growing tobacco, cut-
ting trees, stealing linen put out to
dry, etc. Had Blackstone been really
instead of only supposedly wise, he
would surely have worked toward
the repeal instead of toward the tabu-
lation of these incredibly stupid and
barbarous laws.

Lucky says:
"The law which condemned a man
guilty of high treason to be cut down
while half hanged, to be disembow-
eled and have his intestines burnt
before his face, was still executed
in ghastly detail."

Those who complain of justice's
frequent miscarriages may see from
these facts that stupid laws and
wicked laws are not a modern inno-
vation. The law has always trailed
behind the race. Perhaps it always
will.—Philadelphia Bulletin.

What it Looks Like
Little Elsie, aged 3, who was walk-
ing in the garden with her nurse one
evening, caught sight of the thin
crescent of the new moon, hanging
low in the west, and exclaimed in
great excitement:

"Oh, look, look, nurse! The
moon's all gone away, and there isn't
anything left but just its skin!"—
The Delineator.

It happened one day
On a street car, they say,
And the man came from Mount St.
Elias.

He stood on his feet,
Gave a lady his seat,
And "she thanked him." (3:6, An-
anias.)

The New Era
To illustrate the Twentieth cen-
tury child's ignorance of oldtime
methods and to show that, as she de-
signed it, there is nothing new or
wonderful in the electric light-au-
tomobile-phonograph era for the
youngster of today, a mother told
this story: "A piano tuner was
busy putting our instrument into con-
dition when our little 5-year-old son
rushed into my room, with wonder
stamped on his face, and exclaimed:
'Mother! think of it! there is a man
in the parlor playing on the piano
with his hands.' The youngster had
been accustomed all his life to me-
chanical music makers.—New York
Tribune.

Too True! Too True!
The baby was being questioned
playfully as to his senses.

"What are these for?" touching
his eyes.
"To see with," he answered.
"And this?" touching his nose.
"To smell with."
"And your mouth?"
"Oh, to eat."

"What are your ears for?"
This was a puzzle, but after a mo-
ment he said with firm conviction,
"To wash."—The Delineator.

Fate of Sandy's Sausages

The story that Harry Lauder told
at the Scotch dinner the other night
might not be worth retelling but for
the fact that the men from the land
of cakes seem to have taken it a bit
amiss. More than one of the men who
ought to be exposing their knees to
the sun have been piling up riches
on this side instead, have intimated
that Lauder shamed his native land
by telling it. So here goes for a re-
petition, although the delightful di-
alect that Lauder uses must of neces-
sity be left.—Cincinnati Times-
city is only limited.

There was a poor young man,
said Lauder, "who lived in Glas-
gow. His landlady liked to mither him,
and every morn and every night she
wag'd him freit eggs. He got tired
of eggs, and so he ast a fren' wheer
he warked what else he might ha'
to eat. 'Falaes eat sausages,' said the
fren'. When the poor young man
passed a meatshop on his way home
that night, he bought him a poon of
cook they things." asked the
landlady. "Like yo wad feesh,"
he replied. But the next morn-
ing there his friet eggs once
more. "Wheer arre ma' sausages?"

man who had sailed it, whether dead
or alive. He would search all the
shore of the island. He would pass
the spot where Shil lay by the
pool. It was certain that
he would hear a moan, or
notice the crushed and broken reeds.
Tankerlane at once resolved to fore-
stall the discovery, and appear in as
favourable a light as possible. He
advanced to meet Joe Playle, who
was glancing at the shore and the
marshland on every side of him.

"Some poor devil druv' ashore,"
said Playle, as they met. "Boat ain't
bin there long, I reckon. Shouldn't
wonder if his body ain't about. Tids
sets on here wonderful. He'm dead,
I guess, though mebbe he's crawled
ashore."

"I've found him," Tankerlane re-
plied quietly. "He's just alive. I
was coming to you for help. We
must carry him back to the Hope and
Glory."

Playle followed him down to the
reefs by the pool, and picked up
Shil's body in his strong arms.

"He'm a big, fine man," he said,
as he struggled to the top of the
bank with his load. "Yef I reckon
he found the sea too much for his
strength. That's an ugly cut on his
face. Got thrown on one of them
piles, I reckon."

Tankerlane suggested that the
load was too much for one man, but
Playle, who was proud of his great
strength, refused all offers of as-
sistance, and carried John Shil in his
arms all the way back to the boat.

When the limp and motionless
body was taken down into the cabin
and laid on one of the bunks, the
three men set to work to restore life
to the exhausted frame.

"He'm hurt cruel," said Yardley,
as he placed some soup on the stove,
"but 'tain't that has done him up."
"Tis want of food and water. I
reckon 'twas water he wanted when
he crawled down to that pool. Did
'ee say his eyes were open, sir, and
that he cried out?"

"Yes," Tankerlane replied, "his
eyes were certainly open, and it was
his moaning that attracted me to the
spot where I found him. But I ex-
pect he has fainted from exhaustion,
and that he'll be all right when he's
had something to eat and drink."

"Tis an ugly cut," said Playle,
looking at the dark, jagged tear
across the forehead. "I wonder who
he be?"

"Look in pockets," said Yardley.
"Mebbe he'll have a letter or sum-
mat as'll identify him."

LEAGUE CONDEMNS ITALIAN LABORERS

Importation of Cheap
Hands at Expense of Lo-
cal Laboring Men Is
Disapproved

The postponed meeting of the North Side Progressive league was called promptly at 8 o'clock last evening at the Woodmen hall, on Rose street by President L. E. Lavaque.

The principal feature of the meeting was the address delivered by Rev. Ambrose Murphy on the beautification of the North side and Mill street in particular. He said that the first and last impressions that a visitor on the North Side received was that given by Mill street with its unpainted and dilapidated houses and old store buildings. And now that the new park is a reality, he believed, that the people of the North side should co-operate in the beautification of this section of the city. His address impressed the gathering very much and it is expected that it will be instrumental in making a respectable looking residence section out of the territory contiguous. President Lavaque appointed a committee to see what could be done about the matter. The property owners will be notified and an effort made to condemn the old shacks on this street. The following men were appointed: Rev. A. Murphy, chairman, William Dwyer, John Bangsberg, George Baum and John Manke.

John F. Russell, chairman of the committee appointed to look into the proposition of purchasing the Campwell cemetery, reported that they had investigated the matter and that nothing could be done until the spring election in that township. He stated that they wished to investigate the matter farther and that the general opinion of the people of the North side was that they should have a cemetery.

The matter of a second causeway was brought up but it was found that the league favored the repairing the old causeway before a new one could be discussed.

The matter of the importation of the Dago labor by the Milwaukee railroad was brought up and was the cause of a heated discussion. The residents, the laborers and the shippers and merchants of the North side feel as though they were receiving the "worst of it" from the railroad. The Dago takes the work away from the citizens of La Crosse because an ordinary man finds it unable to live decently at \$1.25 per day. The food stuff and other necessities of life for the Italians are not purchased in this city but shipped, dead head, by the railroad company from Chicago. The league went on record as favoring the expulsion of this class of labor from the city. Secretary Thompson was instructed to write to the general manager of the Milwaukee railroad, asking the reason for the proceedings of the company, and demanding an answer why the existing conditions here have not been remedied. If no satisfactory answer is forthcoming the matter will be carried farther.

The meeting was then adjourned until the second Wednesday in the month of July.

WEDDING OF THE REV. GIDEON OLSON

A very pretty wedding was that at the Norwegian Methodist church last evening, at which were united in marriage Miss Rachel Sandal, late of Christiania, Norway, and Rev. Gideon Olson, pastor of the Norwegian Methodist church at La Crosse. The bride, who is a sister of Mrs. Henry Bramsen, arrived from Norway yesterday forenoon, together with her fiancée who had gone to Chicago to meet her. The church was very prettily decorated for the ceremony, which was witnessed by a large number of people. The bride couple, who were attended by Mr. and Mrs. Henry Bramsen, marched to the altar to the strains of the Lohengrin wedding march, played by Miss Vivian Anderson, and were made man and wife by Rev. M. L. Kieftstad. Immediately after the ceremony Mr. and Mrs. Bramsen favored the audience with a very enjoyable musical

recital, the latter singing quite a number of songs, while Mr. Bramsen played some fine selections on the 'cello, among them being "Aasa's Tod." The young couple accompanied Mr. and Mrs. Bramsen to their home southwest of town, and will soon leave for La Crosse, where Rev. Olson has been pastor since his arrival from Norway last fall. — Stoughton (Wis.) Hub.

FRIENDS SURPRISE DEPARTING PASTOR

Rev. and Mrs. G. M. Thurow of the German Lutheran church of the north side, who will soon leave for Bay City, Mich., where Mr. Thurow will take charge of a large pastorate, were very pleasantly surprised by the members of the congregation and other friends Tuesday evening. The Ladies' Sewing circle of the church planned the gathering and as a token of esteem they presented the pastor and his wife with a beautiful rocker.

Rev. and Mrs. Thurow will start next Tuesday morning for Bay City but will stop off at Milwaukee to attend the meeting of the synod.

ROOSEVELT URGES CONTROL BY PEOPLE

(Continued from Page 1.)
homicide and violence and apologize for the dynamiter and the assassin because, for sooth, they choose to take the ground that crime is no crime if the wicked man happens also to have been a shiftless and unthrifty or lazy man who has never amassed property. It is essential that we should wrest the control of the government out of the hands of rich men who use it for unhealthy purposes and should keep it out of their hands; and to this end the first requisite is to provide means adequately to deal with corporations which are essential to modern business but which under the decisions of the courts and because of the shortsightedness of the public have become the chief factors in political and business debasement. The sinister and adroit conservative, the sinister and violent radical are alike in this, that each works for the destruction of the cause that he professedly champions. If the one is left to his own devices, he will utterly discredit the entire system of government by the individual initiative; and if the other is allowed to work his will, he, in his turn, will make men so loathe interference and control by the state that any abuses connected with the untrammelled control of all business by private individuals will seem small by comparison.

Control is Necessary
Moreover, where there is absolute lawlessness, absolute failure by the state to control or supervise the great corporations, the inevitable result is to favor, among these very able men of business who are unscrupulous and cunning. Unscrupulous big men who get control of given forset tracts, or of networks of railways which alone give access to a certain region, or who in combination with his fellows, acquires control of a certain industry, may crush out, in the great mass of citizens affected, all individual initiative quite as much as it would be crushed out by state control. The very reason why we object to state ownership, that it puts a stop to individual initiative and to the healthy development of perpetual responsibility, is the reason why we object to an unsupervised, unchecked monopolistic control in private hands. We urge control and supervision by the nation as an antidote to the movement for state socialism. Those who advocate total lack of regulation those who advocate lawlessness in the business world, themselves give the strongest impulse to what I believe would be the deadening movement towards state socialism.

The Need of Law
There must be law to control the big men and therefore specially the big corporations in the industrial world, in the interest of our industrial democracy of today.

This law must be efficient and therefore it must be administered by executive officers and not by lawsuits in the courts.
Yet another thing. No movement ever has done or ever will do good in this country where assault is made, not upon evil wherever found, but simply upon evil as it happens to be found in a particular class. The big newspapers, owned or controlled in Wall Street, which is everlastingly preaching about the iniquity of the laboring men, which is quite willing to hound politicians for their misdeeds, but which with ravishing fury defends all the malefactors of great wealth, stands on an exact level with, and neither above nor below, that other newspapers whose whole attack is upon men of wealth which declines to condemn, or else condemns in apologetic, perfunctory and wholly inefficient manner, outrages committed by labor. This latter is the kind of paper which by torrents of foul abuse seeks to stir up a bitter class hatred against every man of means simply because he is a man of means, against every man of wealth whether he is an honest man, who by industry and ability has honorably won his wealth and who honorably spends it, or a man whose wealth represents robbery and whose life represents either profligacy, or at best, an insane, useless or tasteless extravagance. We must draw the line, not on wealth nor on poverty, but on conduct. We must stand for the good citizen because he is a good citizen, whether he be rich or whether he be poor and we must mercilessly attack the man who does evil, wholly without regard to whether the evil is done in high or low places, whether it takes the form of homicidal violence among members of a federation of miners or of unscrupulous craft and greed in the head of some great Wall Street corporation.

Try Dairying

Big Money Made At It in Wisconsin. \$2.00 Per Acre Gets Farm

Don't be a slave to the soil!
Don't be rooted to the land you were born on! If you are making less than \$3,000 a year clear profit, it will pay you to move. For there is a country that will pay you better—a land so rich, so fruitful, so profitable that it will make you a master of the soil instead of a slave to it.

—Come to the Round Lake country in Wisconsin—try dairy farming.

—We will show you how to get into it with a very little money.

\$3,000 Profit a Year
This is the lowest estimate of the earnings of one of these farms when completely under cultivation. Many are making more than this. For example, Mr. John H. of Sawyer County made \$3,650 last year. \$1,800 of this was from his dairy products. Wisconsin is now called the "Dairy State." It has become famous for its rich milk and cream, its beautiful golden butter. The wonderful "Big Red Clover" that grows uncultivated in the Round Lake tract is the best stock food known. It produces butter of unequalled quality. And the product is easy to sell. Creameries are going up all over the state.

\$100 An Acre in Onions
A big and a sure profit can be made from garden produce. Last year Mr. John H., in addition to the \$1,800 from his dairy products, made

\$850 from garden truck. Two acres of onions brought him in \$210 clear. An acre of strawberries made him over a hundred dollars. He banked \$350 clear profit from a five-acre potato patch. Potatoes are staple in Wisconsin. The state has the reputation of growing the finest in the country. They run 175 to 300 bushels per acre.

So you see, you can make big money in Wisconsin. And as good as this land is, you can get it for next to nothing. This is due to a very peculiar circumstance.

Timber Cut in 1895 Helps You to Pay

For these "cut-over" lands belonged originally to the big lumber companies. They bought them for the pine lumber, not for farming. And now they have gotten the pine timber off, and that pine timber has paid them a handsome profit. So they turned them over to the American Immigration Co., and they are willing to let this land go for almost nothing to those that know how to farm it. And you know it must be good land—only good land grows hardwood timber.

\$160 Gets 80 Acres

You can get 80 acres of this land for a cash payment of only \$160.00 and you will be allowed ten years in which to complete your payments. One hundred and sixty dollars down gets you a fine 80-acre farm that you

can call your own—a farm in the richest dairying section of the world—a farm that will net you at least \$3,000 a year when it is under cultivation. Surely you won't let an opportunity like this slip between your fingers? Surely you will at least go and find out about this land—see photographs of it and letters from those who have settled on it. In order to encourage immediate action, the American Immigration Co. has allotted to us a section of the town of Round Lake, in Sawyer Co. This section consists of three lots for building and garden, and to each of the first three who purchase farms we will give a

Town Lot Free

You actually get a big 5-6 acre lot right in the new town of Round Lake free, provided you settle there within one year. Even if you are one of the first three to reserve a farm, one of the town lots will be saved for you in case you buy later. So don't delay—drop in at our office at once and look over our maps and photographs. We are the agents for the land here.

All the Brilliant Notes

in the scale of modern magazine-making are struck in COSMOPOLITAN.

Short stories—serials—special articles—all the distinctive features of a great magazine are presented, monthly, each by a master.

As examples, take the representative features below—by some of the world's greatest master workmen. Take—

ELIZA CALVERT HALL—whose wonderfully clever "Aunt Jane" stories have called forth such emphatic praise from President Roosevelt. Charming—simple—sincere—are the words that characterize the brilliant short stories of this past-master of the art of delightful tale-telling.

ELLIS PARKER BUTLER'S grotesque little masterpiece, "Just story tellers. COSMOPOLITAN contains his brilliantly interesting TAN. A whole series of Butler's remarkable tales will appear in forthcoming numbers.

GEORGE RANDOLPH CHESTER inimitable prince of short-story tellers. COSMOPOLITAN contains his brilliantly interesting series of business stories—fascinating tales, as gay, light-hearted and interest-compelling as the best of the elder Dumas.

CHAUNCEY M. DEPEW'S irresistible anecdotes have kept the world laughing, now, for nearly half a century. COSMOPOLITAN is the one magazine that has finally succeeded in securing this busy, brilliant statesman-financier to write his charming reminiscences for you.

CHARLES EDWARD RUSSELL—journalist—inimitable prose-poet—master of sharp, incisive English—the man who makes you sit up with a start when you read him. It's this vitalizing spirit you'll find in "The Story of Charlemagne"—sharp, incisive, trenchant English that fairly whirls one through the brilliant life-story of one of the greatest, grandest characters that have emerged from the Middle Ages.

These, and more, appear monthly in COSMOPOLITAN.

TWO WEDDINGS ON THE NORTH SIDE

Ada Paulson Weds Alfred Hoel, and Cora Mosher Is the Bride of Mr. J. Dreger

The month of June with its blushing brides seems to be making favorable headway on the North side, two young ladies of that section of the city being hit by the darts of the little winged god and led to the altar of Hymen yesterday afternoon.

Miss Ada Paulson became the bride of Alfred Hoel at 4 o'clock yesterday afternoon at the residence of the bride, 1433 Caledonia street, Rev. E. O. Vik of the Charles Street Lutheran church performing the ceremony in the presence of only the immediate relatives of the contracting parties. A wedding supper was served in the evening. The young couple will be at home to their friends after July 1, at 1611 Jackson street.

Miss Cora Mosher and Jerome Dreger of Milwaukee were quietly united in marriage at 3 o'clock yesterday afternoon at the home of the bride's mother, 1437 aledonia street, Rev. A. V. Ingham of the Caledonia Street M. E. church performing the

ceremony. Only relatives of the happy couple witnessed the ceremony.

Mr. Dreger is a popular brakeman on the La Crosse division of the Burlington. The couple will make their home at 1437 Caledonia street.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent despondency, and invigorate the whole system.

NORTH SIDE IN BRIEF

BARBECUE PLANNED AT VIROQUA JULY 4

An old-fashioned barbecue will be the feature of the Fourth of July celebration to be given by the members of the Third Regiment Band at Viroqua. A good big ox is to be roasted whole out of doors and from this roast all visitors will be served meat for their dinners.

The affair is to take place at Foster's grove, northeast of town. The band will furnish the music and the oration will be delivered by Major Richards of Sparta. As no attempt will be made to produce a street parade, the entire program will be given at the grove.

JOHN D. WON'T INTERFERE IN ROW

CHICAGO, June 17.—John D. Rockefeller has refused to interfere in the row between the Baptist ministers of Chicago and Prof. Geo. B. Foster of the University of Chicago, whose book, "The Finality of Religion," has caused him to be branded by many as a "heretic."

LEAVES \$500 FOR MISSION BUILDING

Mary A. Smith's Will Starts Fund for Permanent Home for Local Institution

The late Mary A. Smith, sister-in-law of Judge John A. Daniels, left a bequest of \$500 toward a fund for the establishment of a permanent home for the Union City Mission of this city. The money is to be used only toward the construction of a new home, or the purchase of a suitable building.

Mrs. Smith might justly be called the founder of the City Mission. Before its establishment three years ago she advertised in the city papers for someone who would be willing to take up such work here. Mr. A. M. Ivey corresponded with Mrs. Smith and finally came here for a personal interview which resulted in his taking up the work which he has since conducted so successfully.

It is the ultimate purpose of the directors of the Mission to have a permanent home, but no definite action toward this end has been taken as yet.

The Mission continued eminently successful here. Since the first of last January 62 indoor meetings have been held with a total attendance of 1,394. About fifty men have been provided with employment by Superintendent Ivey and a great deal of clothing has been distributed among the needy. The Mission is now closing its inside work and will hold whatever meetings are arranged for the summer campaign in the open air.

The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective.

PLAY GOLF FOR TOM MORRIS CUP

A selected team of eight, composed of members of the La Crosse Country club, competed yesterday afternoon for the "Tom Morris" trophy and the net score will be turned in to the secretary of the Western Golf association.

All the other prominent clubs of the association competed also yesterday afternoon for the silver cup presented by Peter Dawson of Glasgow, Scotland, in honor of Tom Morris, who is called "The grand old man of golf." The club turning in the best score for the eighteen holes against par will be presented with the trophy which may be kept until the next birthday of Morris. Each of the members of the club team winning the trophy will be presented with a beautiful gold medal.

The local players entered in this play were: Messrs. Frank Hixon, Joseph Hixon, George Burton, E. J. Evans, F. H. Hankerson, Andrew Lees, Alfred James and William Ott.

La Crosse made a total score of 79 to par.

MILLARD HAS FAST STRING TRAINING

One of the fastest strings of horses ever trained in La Crosse is being worked out at the fair grounds by Driver Millard. Although the spring has been late, cold and wet and re-rolling the track has hindered the speed the horses are already going some exceedingly fast miles. Tuesdays, Fridays and Saturday afternoons are the days the horses are timed and those who are interested in the race horses can see some class exhibitions from now on.

Birchwilton under Trainer Millard has stepped several miles in 2:25 and Tandy, Lawyer Hood's valuable little pacing mare, also driven by Millard, has stepped in 2:20½. Besides these horses several green trotters and pacers are showing up well and when the circuit of fairs begins La Crosse will be on the map in the racing world.

P. W. JOSTAD WEDS GENEVIEVE HOGAN

Mr. P. W. Jostad of West Salem was married today at Nielsville, Wis., to Miss Genevieve Hogan of that city, formerly of La Crosse at the home of the parents of the bride. Many relatives of La Crosse and this county attended the ceremony. They left today for Canada and Pacific coast states and intend to visit the Alaska-Yukon-Pacific exposition, the Yellowstone National Park and other points of interest. They will be joined in St. Paul by Mr. and Mrs. O. M. Jostad who will accompany them to Seattle, the latter remaining at the exposition city during the whole summer.

PANIC IN FIRE IN FOREIGN TENEMENT

Police and Firemen Fight With Crazy Hungarians and Prevent a Holocaust

CINCINNATI, O., June 17.—More than 100 Hungarians, men, women and children, living in an old five-story river front tenement fought in mad panic for their lives this morning, when a gasoline explosion on the second floor set the rookery on fire. Fifteen men and women were overcome by smoke before they could grope their way through the dark narrow hallway. Some ran unclothed to the street.

An eighteen months old baby was hurled by its crazed mother from a fourth story window into the arms of a brawny drayman. Then the mother leaped from the same window among massed policemen and firemen and she was slightly hurt.

Firemen on ladders battled with men so near crazed that they would have hurled their rescuers to death had they not been beaten down. Even women had to be knocked senseless. Only the bravery and absolute discipline of the firemen and police prevented a holocaust. Ten persons were slightly injured. No one was fatally injured. The building was destroyed.

Occasionally a man climbs so high that he roasts above everybody else—then he begins to get lonesome.

PYTHIANS FINISH GRAND SESSION

Officers Are Elected and Only Serious Contest Is For Office of Outer Guard

The Wisconsin Grand lodge of Knights of Pythias yesterday afternoon elected the following officers before adjournment:

Supreme representatives: Joseph Schroeder, Racine; R. S. Witte, Milwaukee; M. M. Gillet, Fond du Lac.

Grand chancellor—A. C. Conway, Antigo.

Grand vice chancellor—H. E. Wambold, Appleton.

Grand prelate—R. I. Warner, Sheboygan.

Grand keeper of records and seals—U. S. Burns, Milwaukee.

Grand master of exchequer—Theodore Zillmer, Milwaukee.

Grand master at arms—V. J. Schoenecker, Jr., Milwaukee.

Grand inner guard—A. C. Taylor, Portage.

Grand outer guard—H. L. Halstead, Baraboo.

Grand trustee—L. W. Halsey, Milwaukee, re-elected.

The election of three supreme representatives at one session was unusual. There was a contest for Grand Outer Guard between C. W. Hitechock, Berlin; T. H. Robinson, Washburn; F. E. Bump, Wausau and the successful candidate.

Gottery Fraternal Correspondent

Grand Chancellor E. C. Gottery who has presided from a wheel chair was so exhausted by noon yesterday afternoon that Past Grand Chancellor C. A. Still of Beloit presided.

The matter of a paid lecture was disposed of in the appropriation of a fund of \$1,500 to be used in the furtherance of the interests of the order, its disposal to be left to the grand chancellor, E. C. Gottery, retiring grand chancellor was appointed fraternal correspondent at a salary of \$1,500 per year midst applause.

Judge Ray S. Reid of La Crosse, a member of the committee appointed to consider a Pythian home in Wisconsin reported and recommended the purchase of 200 acres centrally located and a ten cent per capita tax for its construction and maintenance. The matter was laid over until next year. Past Supreme Chancellor Ogden H. Fethers of Janesville and Past Grand Chancellor Orin Thompson of Neenah sent regrets at not being able to attend the session.

The new officers were installed just before adjournment and the convention was a decided success throughout.

Judge Ray S. Reid announced with regret that owing to the rain the lunch in Pettibone park and the launch ride planned for the visitors had to be abandoned. There was a large array of boats on the river and had the weather been favorable the trip would have been a most successful one. Judge Reid, who is a member of the motorboat club is in favor of getting the launch owners together for a parade at some later date as yesterday evidence was given that it will be possible to get the boat owners out in numbers and that the spectacle would be an inspiring one. The committee expressed thanks to the boat owners for their kindness, in spite of the fact the delegates were unable to take advantage of the opportunity.

A large share of the delegates left on late trains last night for their homes.

A FORTUNE IN YOUR NERVES

A Healthy Nervous System Brings Success.

How You Can Prove It Free.

A small man or woman with strong, steady nerves will meet with greater success in life than a large person with a weak, debilitated, run-down nervous system. Many men and women, among your own acquaintances, perhaps, look as though they hated the world and everything in it. These people are on the verge of Nervous Prostration, or have Brain Fag, Kidney or Liver Trouble, Rheumatism, or some other nervous disorder, caused by the impure or sluggish condition of their blood. If they would take a few boxes of Make-Man Tablets they soon would be transformed into new beings. Their health, strength and vitality would be restored in a surprisingly short time, and in a rational way, so that living would again become a pleasure. Millions of boxes of Make-Man Tablets sold annually, and every box guaranteed to give satisfactory results or money refunded. COMMENCEMENT AT LA CROSSE THEATRE

Annual Graduation of the La Crosse High School Takes Place This Evening

The chief society event of the week will be the thirty-fifth annual commencement exercises of the La Crosse high school graduating class at the La Crosse theatre this evening.

One of the largest classes graduated from the school in recent years will receive diplomas this evening from President Luenig of the board of education. A fine program consisting of several musical numbers will be rendered under the direction of Miss Martha Rollins, and several addresses will be delivered by the members of the class. Out of the class of forty-five, eighteen students acquired an average of over 85 in all studies which is a remarkable record for one class. The following is this evening's program:

March. Pontifical (Gounod) — High School orchestra.

River Navigation by Means of Reservoirs—Nathaniel Tourtellotte.

The Red Scarf (Veazie)—High school chorus.

The Consumer's League — Marguerite Anderson.

Kentucky Babe (Geibel) — High school male chorus.

The Newspapers of Today and of the Future — Minnie Knight.

Selections from the Opera Martha (Von Flotow)—High School orchestra.

The City and the Child—Wm. Freehoff.

In a Gondola (Pinders)—High school male chorus.

Is the World Really Christian?—Myrtle Bangsberg.

"Asking Pa"—Paul Esch.

Gloria from Mozart's Twelfth Mass—High school chorus and orchestra. Lois Hallik, accompanist.

Presentation of Diplomas — President William Luenig.

High school orchestra — Fred Straus, Glen Hallik, Harry Runge, first violin; Reuben Thompson, Edmund Cronon, second violin; Herbert Moss, viola; Albert Weimar, clarinet; Eugene McNeany, flute; Fred Holbrook, William Strauss, cellos; Harold Davis, accompanist.

Class of '09.

The graduates are: Stanley F. Anderson, Marguerite S. Anderson, Edna M. Anderson, Sadie L. Allen, Myrtle O. Bangsberg—second honors February; Nora E. Beust, Helen G. Bock, Ruth M. Bradford, Edmund D. MARSTONS APPEAR AT THE BIJOU

The Bijou has something of interest to offer to its patrons next week in the form of an act presented by Chas. F. Marston and wife, entitled "I'm Glad I'm Married." Mr. Marston was born and raised in La Crosse and has many friends and acquaintances here who are interested in his advancement in the theatrical world and will have ample scope to judge from his work next week. The

act which Mr. Marston and his wife present was written by a well known Chicago writer and gives himself and wife a chance to show his or her versatility in the different roles, they have to impersonate in "I'm Glad I'm Married." Mrs. Marston is a dainty little woman who sings and dances in a manner that is bound to please, while Mr. Marston has some fine dramatic situations well written to bring about his particular talents in this line. This is the first appearance of Mr. Marston in vaudeville, and the management feel confident of a packed house ready to greet Charley and his new efforts in this line.

DO YOU FEEL LIKE THIS

Does your head ache or simply feel heavy and uncomfortable? Does your back ache? Does your side ache? Do you feel fagged out? The tonic laxative here known as Lane's Family Medicine will clear your head, remove the pain in side or back, and restore your strength. Nothing else is so good for the stomach and bowels. At druggists' and dealers', 25c.

The Safe and the Doubtful

There's a good rule to follow in watch buying, when there's any doubt let it alone. The watch looked all right when you bought it, but it did not keep time. It began to show hidden secrets.

How is a man to know beforehand? By buying at a safe store.

Parker's is the safe store in La Crosse because it never goes below the limit of reliability.

And it's a thing that has proved the way to this store for a great many people. Ask them.

no intention of making any profit for the city out of the transactions, but merely to make the license fees sustain the actual expense.

"I want scales at the pump house in order that the city may know that it is getting 3,000 pounds when it buys a ton of coal," said Day relative to his request to that effect. Mr. Day says that without any intention of questioning the honesty of purpose of coal dealers, he has made investigation that convinced him that the cost of installing the scales would be saved by them to the city in the course of a year and a half, and that thereafter they would be a source of constant saving which would go into the city treasury.

North Side Water Supply
The desire to change the location of the water main under the La Crosse river is based upon the discovery that a rupture at that point is likely to occur at any time, and is most likely to occur when a North side fire is in progress and the strain on the pipes is heavy. He said it is due to the people of the North side that adequate fire protection be given them, and that this cannot be done unless the change he suggests is accomplished.

Hydrants are costing the city in the neighborhood of \$45 each, and there is at present installed in the city about 500 hydrants. He believes that hydrants of equal efficiency can be manufactured by home industry for one-half the sum now being paid to outside concerns, and points to the fact that by the time all the present hydrants can be replaced by new ones, a thing that is being constantly done from year to year, the saving to the city on this item will amount to \$10,000.

Mr. Day is also causing the installation of a number of smaller hydrants built especially for filling the city sprinklers. Use of the larger hydrants for that purpose tends to destroy them by filling the bearings with sand. The small hydrants now being installed were purchased over a year ago and have been lying unused at the pump house. The manufacture of hydrants locally would include the making of this class of hydrants, upon which Mr. Day believes 50 per cent can be saved also.

Mr. Day is receiving the support of business men in general in his advocacy of the changes and improvements he desires to make, and those he has already conceived will result in an annual saving to the city of many times the salary of his office carries.

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? O. T. Erhart.

HOT FIGHT ON THE TAFT STOCK TAX
Continued from Page 1

Incomes in excess of \$50,000 a year the pending suggestion would include everybody who had even the smallest kind of an interest in a corporation or joint stock company of any kind.

Senators Talk Plainly
Senators Borah and Bristow, two of the most ardent republican supporters of a direct income tax, joined today in a statement as to the effect of the proposed tax on corporations as follows:

"A tax upon the net income of corporations alone will not reach the desired result. It will tax tens of thousands of stock holders whose total incomes are very small and will exempt in large measure the immense private incomes of the country."

"There is no reason for exempting from taxation the vast incomes of individuals like Carnegie, Rockefeller and others a very large part of whose fortunes do not consist of corporation stocks."

"It is also well known that corporations, especially the larger ones can, in most instances, shift the burden of the tax on the public, involving on the people increased charges and prices."

It is certain that the plan to be proposed by the finance committee does not contain exemptions to cover the cases of small corporations and joint stock companies, amendments will be offered on the floor by senators who object to the assessment of taxes upon the net earnings of these small concerns.

Cummins to Fight
Senator Cummins, who with Bailey, is the joint author of the pending amendment for a direct income tax does not admit that the fight has been lost although admitting that the support given by President Taft has greatly strengthened the hands of Aldrich.

"There are a few senators, I believe," he said, "who will accept the president's recommendation as a party declaration. Although there are not very many who will vote with Aldrich on the ground, I am afraid, we cannot spare even a few."

Gang Don't Want It
"I do not imagine that Mr. Aldrich wants a tax on the incomes of corporations any more than he does an income tax, but I believe he did not want to see the senate turn him down by a vote and therefore adopted the corporation tax. I believe by some mysterious method he will do his best to defeat the corporation tax in conference. I do not think he is going to allow it ever to become a law if he can possibly prevent it."

"I think the tax on corporations is much more unjust than the income tax. It does not reach men with large incomes like Carnegie and Rockefeller but falls with equal weight upon the large and small stockholders which the income tax does not do. I think the proposed tax will become very popular in a few years."

Aldrich Reverses
"But if it should be enacted into law we will have at least won something by our fight. I proposed the income tax because I thought the tariff bill would not yield enough revenue and Mr. Aldrich insisted that I was all wrong in my contention. Now he proposes to offer an amendment that will produce more revenue than the income tax would produce."

Mortgage Foreclosure Sale.

State of Wisconsin, In Circuit Court—La Crosse County.

By virtue of a judgment of foreclosure and sale duly rendered by said Circuit Court on the 4th day of May, A. D. 1908, in an action therein in which John M. Holley was plaintiff and Arabell R. Clinton, William B. Winston and John M. Demorest were defendants, which said judgment still remains unsatisfied, I, William D. Thomas, Sheriff of the County of La Crosse aforesaid, will expose and offer at public sale and sell at public auction to the highest bidder for cash on Saturday, the 26th day of June, A. D. 1909, at the hour of ten o'clock in the forenoon of that day, at the east front door of the court house in the City of La Crosse in said County of La Crosse, and State of Wisconsin, the following described mortgaged premises, which are situated in the said County of La Crosse, to-wit:

Lot number three (3) and the west half of lot number twelve (12), both in block number one (1) in the southeastern addition to the Village of North La Crosse, now a part of the City of La Crosse, according to the recorded plat thereof in the office of the Register of Deeds for said La Crosse County. Or so much, or such part of said mortgaged premises as shall be sufficient to satisfy the amount which shall then be due upon such judgment with interest and costs of sale.

Dated La Crosse, Wisconsin, May 13th, A. D. 1909.

WILLIAM DUNCAN, Sheriff of La Crosse County.

WM. S. BURROUGHS, Plaintiff's Attorney.

INDIAN ASSAULTS THE WHITES' WHISKEY

LANDER, Wyo., June 17. — The spectacle of an aged Indian reaching a prohibition sermon over the grave of his son while hundreds of blanketed braves stood by in silence was presented yesterday when Wolf Bear, sub-chief of the Arapahoe tribe, delivered a forceful and pathetic address at the grave of Leo Wolf Bear.

The young brave drank too much white man's whiskey, laid down on a railroad track to sleep and was killed.

"The white man's whiskey killed my only son," said the venerable chief. "You see, young men of the Arapahoes, what the white man's whiskey will do. I don't blame the white man for drinking and selling the whiskey, but I hope the young men and women of my tribe will have more judgment than their pale face brothers and abstain from fire-water."

THE DAILY MARKETS

FOREIGN MARKETS

New York Stocks

NEW YORK, June 17.—There was a display of moderate weakness in the stock market at the opening and in the early trading. The extreme decline was in the Copper stocks and Anaconda showed losses of over a point, while American Smelting yielded one-half. United States Steel stocks were much less prominent than they have been for some time past. There was some heaviness displayed in a few of the railroad issues, including Reading, Rock Island and Wabash in the first few minutes but before the end of the first fifteen minutes the group generally showed an improved tone with pronounced strength in New York Central which advanced nearly a point.

11 a. m.—There were few important orders in the market nearly all the business representing the shifting of position by room traders, coupled with some belated liquidation by commission houses. The trading element sold and supplied stocks freely from the start, causing moderate declines. New York Central rose over a point early but lost part of this gain after realizing. The weakness of the copper shares attracted most attention. At the end of the hour, the market generally showed a heavy tone.

Government bonds unchanged; others firm.

Noon.—There was no change in the market conditions during the last half of the forenoon, the tone continuing heavy with prices steadily moving downward and showing losses. The most pronounced weakness was in metal shares which so far show the heaviest declines since the reaction started.

Kansas City Livestock.

KANSAS CITY, June 17.—Cattle—Receipts, 5,000; steady; native steers, \$5 to \$7; southern steers, \$4 to \$5.25; southern cows, \$2.75 to \$4.50; native cows and heifers, \$2.50 to \$4.60; stockers and feeders, \$3.60 to \$5.50; bulls, \$3 to \$5; calves, \$3.75 to \$7; western steers, \$4.75 to \$7; western cows, \$3.25 to \$5.25.

Hogs—Receipts, 20,000; steady. Bulk of sales, \$7.30 to \$7.75; heavy, \$7.70 to \$7.85; packers and butchers, \$7.50 to \$7.80; light, \$7.15 to \$7.65; pigs, \$6 to \$7.

Sheep—Receipts, 6,000; steady. Muttons, \$4.75 to \$5.75; lambs, \$6.75 to \$8.50; range wethers, \$4.50 to \$5.50; range ewes, \$3.75 to \$5.25.

WISCONSIN NEWS

WILL WEAR MASKS TO WALLOP BOB

Tories May Nominate "Half Way Men" With Attractive Declarations of Principles

MILWAUKEE, Wis., June 17.—Well posted politicians say that the reactionary republicans are planning to capture the state to unseat Senator La Follette by supporting for all important offices, except possibly the senatorship, men who were active in the Halfbreed movement of recent years and also by strongly advocating all kinds of reform measures.

Under this plan a man like Secretary of State Fear or Attorney General Gilbert, who attached themselves to the reform movement in the past, but who are now classed as "half way" men, would receive the support of the Tories for the gubernatorial nomination. Similar methods would be pursued in regard to filling the other places on the state ticket.

In addition, the declarations of principles to be promulgated by these candidates would be made as attractive as possible to the progressive voter. All sorts of promises would be made and other tricks would be practiced to split the strength of the La Follette following.

In order to undo La Follette, the Tories would unite in support of a ticket of this kind and would express approval of progressive measures which they have always fought in the past. The only hitch is likely to come in connection with choosing a candidate for the United States senate. It is admitted that recent developments have put Gov. Davidson hopelessly out of the running. He is neither able nor rich, but he undoubtedly possessed some elements of strength as against La Follette. Among the "half way" men it will be difficult to find anybody whose measure is anywhere near senatorial stature or who is likely to make a strong run, against La Follette. The Tories may therefore pick out one of their own men, a reactionary like Walter Alexander, the Wausau millionaire, whose money might be very useful for campaign purposes.

It is pointed out that a very correct idea of the kind of reform that could be expected if this program were successful may be gathered from the history of legislation in the assembly branch of the present legislature.

EDITORS MEET AT SUPERIOR JUNE 28

SUPERIOR, Wis., June 17.—J. S. Konkel, chairman of the local committee in charge of the preparations for the convention of the Wisconsin State Editorial association, announced today that the preliminary arrangements had been made and that the final program would be made public soon as the schedule of addresses and business sessions was completed by George F. Cooper, president of the association.

The convention will be in session for three days, June 28, 29 and 30.

MILWAUKEE SKAT TOURNEY SATURDAY

MILWAUKEE, June 17.—All roads lead to Milwaukee, especially when the fellow at the other end of the road happens to be a skat player. It is estimated that 3,500 players will participate in the Milwaukee tournament Saturday. Hotel reservations have already been made for over 1,000 visitors.

John C. Fehlandt, expresident of the Wisconsin Skat club, will be present. He will bring with him a delegation of twenty-five Madison players. Mr. Fehlandt is also president of the Madison Skat club, and the tournaments are rare when he fails to carry off some of the big prizes.

He predicts that Detroit will get the next skat congress.

**CALUMET
BAKING POWDER**

Pure in the Can—Pure
in the Baking.

The makers of certain Baking Powders have recently been shouting, "purity, purity, purity!!" All other manufacturers have been openly accused of offering an impure product. Calumet, as the largest competitor, has of course come in for its share. But we simply smiled—as our business grew.

For Calumet has been backed for years by an offer of \$1,000 for any substance injurious to health found in the baking prepared with it. This offer has never been challenged.

Don't you think that if there was the least trace of impurity in Calumet that our competitors would be the first to jump at this offer? Wouldn't this be an ideal way of putting our product off the market entirely?

Does not this and the fact that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled—then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and it is moderate in price.

Sheriff Geo. Henry went to Janesville yesterday to identify a prisoner who was being held in that city and whom the officers supposed was James Clairmont, one of the escaped Warens bank robbers. However, the man was not one of the much wanted bank robbers and was released from custody.

The remains of John Stewart of Mankato, formerly of Sparta, were brought to Sparta Thursday for burial. The services will be Friday afternoon at 2 p. m. in the Christian Advent church.

The Odds and Ends and their husbands were entertained by Mrs. Fred Gross at a 6 o'clock dinner Tuesday evening in honor of her guests, Mr. and Mrs. Chas. Tobey of Phillips. Covers were laid for twenty.

Mrs. Howard Teasdale and Mrs. Frank Brewster entertained at the home of the latter Wednesday afternoon.

SHIPS PURCHASED FOR COMPETITION

WASHINGTON, D. C., June 14.—The state department was officially informed today through the legation at Caracas that the steamer Narcisco and the tug Dispatch, suspected by United States authorities of being about to engage in a filibustering expedition to Venezuela, have been purchased by the government navigation service for Lake Maracaibo. The steamers, it is understood, will be put into service in competition with the monopoly granted to a private company by former President Castro and practically under his control.
